

## **Conferences Exclusive to Binghamton University Students:**

- **Research Days at Binghamton University**
  - The conference is held annually in mid-April.
  - Any Binghamton student can present their research or creative activity.
  - To learn more about Research Days, contact planning committee chair Rachel Coker at [rcoker@binghamton.edu](mailto:rcoker@binghamton.edu).

## **Conferences Exclusive to SUNY Students:**

- **SUNY Undergraduate Research Conference (SURC)**
  - The conference is held annually or biannually during Fall and/or Spring semesters (locations vary).
  - New websites created for each conference. [See this example](#)

## **Conferences Exclusive to Undergraduate Students:**

- **The Mid-Atlantic Regional Conference for Undergraduate Scholarship (MARCUS)**
  - The conference is hosted annually by Randolph College in Lynchburg, VA in late November.
  - The Abstract submissions are typically due early October.
- **National Conference on Undergraduate Research**
  - The conference is held annually in early April.
  - The Abstract submissions are typically due early December.
- **MIT Undergraduate Research Technology Conference**
  - The conference is held annually in early October.
  - Technical paper submission deadlines are typically due early August.
  - Poster and lighting talk submissions deadline tend to be in early September.
  - The annual conferences are themed around breakthroughs in engineering and technological research made by student researchers at the undergraduate level all over the country. Participants are given the exciting opportunity to present, discuss, and develop solutions for advancing technology for humanity.
- **National Collegiate Research Conference at Harvard University**

- The conference is held annually in late January.
- Applications are typically due mid-December.
- **Stanford Research Conference**
  - The conference is held annually in early April.
  - Applications are typically due late February.
- **State of North Carolina Undergraduate Research & Creativity Symposium**
  - The conference is held annually in mid-November.
  - The Abstract submissions are typically due mid-October.
- **Texas Tech Undergraduate Research Conference**
  - The conference is held annually in mid-April.
  - For more information about the Abstract submission deadlines visit the [website](#).
- **L. Starling Reid Psychology Research Conference**
  - The conference is held annually in late April.
  - The Abstract submissions are typically due early March.
  - The Conference highlights outstanding empirical research conducted by undergraduate scholars in psychological theory.
- **Rochester Symposium for Physics Students**
  - The conference is held annually in the later half of the Spring semester.
  - For more information on the application process contact [rsps@pas.rochester.edu](mailto:rsps@pas.rochester.edu).
  - This northeast regional undergraduate research conference has been hosted on the campus of the University of Rochester since 1981, the symposium is hosted at other regional colleges every third year (as of 2006). At RSPS, research projects have been presented in talks by undergraduates representing regional institutions. Some of the talks covered topics in condensed matter physics, atomic physics and optics, computational physics, astronomy, high-energy physics, instrumentation and techniques, and environmental physics. The abstracts of all the participants' papers are published on-line annually.

### **Conferences Open to Undergraduate and Graduate Students:**

- **Advancing Indigenous People in STEM**
  - The conference is held annually in mid-October.
  - For more information about the Abstract submission deadlines visit the [website](#).
  - The Annual AISES National Conference is a unique, three-day event focusing on educational, professional, and workforce development for Indigenous peoples of

North America and the Pacific Islands in science, technology, engineering, and math (STEM) studies and careers.

- **[American Association for the Advancement of Science](#)**
  - The conference is held annually in mid-February.
  - For more information about the Abstract submission deadlines visit the [website](#).
  - Every year, thousands of leading scientists, engineers, educators, policymakers, and journalists gather from around the world to discuss recent developments in science and technology. The meeting includes symposia, career development workshops, an international Exhibit Hall, poster sessions, Family Science Days, and more.
  
- **[American Chemistry Society - Many Flavors of Chemistry \(Inorganic Chemistry\)](#)**
  - The conference is held annually in mid-March in New Orleans, LA.
  - The Abstract submissions deadlines are typically due early October.
  - For more information about different types of chemistry related conferences visit the [website](#).
  
- **[American Geophysical Union Meeting](#)**
  - For more information about future meetings and conferences visit the AGU website linked below.
  
- **[American Institute of Chemical Engineers Student Conference](#)**
  - For more information about future meetings and conferences visit the AGU website linked below.
  
- **[American Physical Society](#)**
  - For more information about future meetings and conferences visit the APS website linked below. The conferences and meetings are held regularly.
  
- **[American Public Health Association Annual Meeting and Expo](#)**
  - The conference is held annually in mid-November.
  - For more information about the Abstract submission deadlines visit the [website](#).
  - APHA's Annual Meeting and Expo is the premier public health event of the year offering innovative and exciting opportunities to help you reach your personal and professional goals. Engage with public health experts, collaborate with other advocates and grow professionally.
  
- **[American Society for Biochemistry and Molecular Biology](#)**
  - The conference is held annually in late March.

- The Abstract submissions are typically due mid-October.
- **American Society of Human Genetics**
  - The conference is held annually in early November.
  - The Abstract submissions deadlines are typically due early June.
- **American Meteorological Society**
  - For more information about future meetings and conferences visit the [AMS website](#).
- **Biomedical Research Conference for Minoritized Scientists (ABRCMS)**
  - The conference is held annually in mid-November.
  - For more information about the Abstract submission deadlines visit the [ABRCMS website](#).
  - The conference is for historically excluded community college, undergraduate and post baccalaureate students in science, technology, engineering and mathematics.
- **Biomedical Engineering Society**
  - The conference is held annually in mid-October.
  - Deadline to submit undergraduate research Abstracts is typically in late July.
- **The CAA Annual Conference**
  - The conference is held annually in mid-February.
  - The Abstract submissions are typically due in July.
  - The largest professional convening of art historians, artists, designers, curators, and visual art professionals.
- **Duke's Visible thinking Annual Conference**
  - The conference is held annually in late April.
  - The Abstract submissions are typically due sometime in the Spring semester.
  - Duke's Visible Thinking is an annual event that celebrates the achievements of undergraduate researchers and explores their original scholarship in the humanities, the natural sciences and engineering, and the social sciences.
- **The Geological Society of America**
  - The Northeastern Section Meeting is held annually in mid-March.
  - For more information about the Abstract submission deadlines visit the [webiste](#).
- **New England Science Symposium**
  - The symposium is held annually in late March.

- The Abstract submissions are typically due early January.
- The New England Science Symposium (NESS), established in 2002, provides a forum for postdoctoral fellows; medical, dental and graduate students; post-baccalaureates; college and community college students (particularly for African-American, Hispanic/Latino and American Indian/Alaska Native individuals) to share their biomedical and health-related research activities through oral or poster presentations, to engage in discussions related to career development in the sciences, to exchange ideas and to expand their professional networks.
- **SHPE National Convention**
  - The convention is held annually in early November.
  - For more information about the Abstract submission deadlines visit the [website](#).
  - National gathering of Hispanics in STEM that focuses on cutting-edge content, skill building, and networking with many of the most influential organizations and leaders in STEM. With over 10,000 attendees expected, the SHPE National Convention is the largest gathering of Hispanics in STEM every year.
- **The American Society for Cell Biology**
  - The conference is held annually in early December.
  - The Abstract submissions deadline is typically due early October.
- **The Society for in Vitro Biology World Congress on in Vitro Biology**
  - The conference is held annually in early June.
  - The Abstract submissions deadline is typically due late January.
- **Society for American Archaeology**
  - The conference is held annually in mid-April.
  - The Abstract submissions deadline is due early September.
- **Society for Neuroscience**
  - The conference is held annually in mid-November.
  - For more information about registration deadlines visit SfN [website](#).
- **Society for Psychophysiological Research**
  - The conference is held annually in late September/early October.
  - The Abstract submissions deadline is due early July.
